**PRIMARY NARRATIVE**

Officer Bugajski #136

In summary: On 01/18/16 at 0012 hours, while on patrol in the area of Jeffery Avenue and Yates Avenue I observed smoke from a possible fire in the area and upon canvassing the area I located the residence located at 22534 Jeffery Avenue with smoke coming from it's eaves. I notified dispatch of a possible structure fire and attempted to make contact at the residence. I attempted to make contact at the front door with negative results and could observe heavy smoke inside of the front (east) bedroom and living room areas. I then observed heavy fire inside of the east bedroom and notified dispatch of the update. Officer Luke #128 and I attempted to notify surrounding residents to evacuate and we secured the scene. A short time later, Sauk Village Fire Department along with assistance from Crete, Crete Township, Lynwood, South Chicago Heights and Steger fire departments arrived on scene and extinguished the fire. While on scene, homeowner Benjamin Davis arrived on scene and advised no one was inside the residence and advised the entire family had been at a family gathering out of town since approximately 1900 hours. I spoke with Deputy Fire Chief Ed Myers who advised the state fire marshal would be responding to the scene at approximately 0930 hours and ESDA would stay on scene until that time. Rich Construction was notified and they responded to board up the residence. The scene was then turned over to SVFD.

Nothing further at this time.

**PRIMARY NARRATIVE**

On 01/18/2016 at 0943 hours I was requested by Asst. Fire Chief Myers to respond to a fire investigation scene located at 22534 Jeffery Ave. I arrived on scene and advised there was a stray dog left behind located in the back yard. The weather at the time was 1 degrees with a wind chill of -10 degrees. I transported the white/brown female pit bull to County Line Animal hospital. I checked the dog in and the vet tech advised that the dogs is broken. At this time I don't know who the owner of the dog is, and advised the clinic not to release the dog until the owner is identified.
